

Kansas School Improvement Model

Fundamentals

(The foundation for school improvement in Kansas Schools)

Structured Literacy

We provide literacy instruction in pre-K-12 aligned to the science of reading and assure teachers and admin are well-trained and knowledgeable in the elements and implementation of structured literacy.

Standards Alignment

We align lessons, instruction, and materials to Kansas standards and clearly identify what students must know and be able to do. This includes interpersonal, intrapersonal, and cognitive skills in pre-K-12.

Balanced Assessment

We assess students for risk and standards in pre-K-12 and use data to adjust instruction. We have a deep understanding of the purpose of each assessment and how to use the data to raise achievement.

Quality Instruction

We have a culture of high expectations in our classrooms and provide each student access to grade level standards and content through high-quality instructional materials in pre-K-12.

Structures

(Reinforce lead indicators and sustain fundamentals within the system)

Resource Allocation

Budget emphasis on implementing high-quality instructional materials (HQIM) and professional development aligned to state standards and structured literacy.

Educator Evaluation

Educator evaluation processes and conversations account for standards in pre-K-12 and optimizing conditions for learning in classrooms.

Professional Learning

District professional development and mentoring plans account for the alignment of classroom practice with state standards and HQIM to optimize conditions for learning in classrooms.

Professional Collaboration

Collaboration system includes grade level and content area teachers aligning instruction with state standards and HQIM to optimize conditions for learning in classrooms.

Tiered System of Supports

Data analysis and utilization includes screening for risk and performance against standards. Appropriate time is provided for core activities and interventions to meet student needs.

Family, Community and Business Partnerships

Educators, families, and community partners collaborate to ensure students are progressing on state standards, competencies, and postsecondary readiness indicators.

Lead Indicators

(Actions that support implementation of the Fundamentals)

Measures of Progress

(How we know the action is being implemented effectively)
